**Conference theme:  
New Trends in Social Sciences and Intelligence Management**

The 2024 4th International Conference on Social Sciences and Intelligence Management (SSIM 2024) promises to be a premier event, uniting scholars, researchers, and professionals worldwide to discuss and explore the latest trends and advancements in social sciences and intelligence management. This year's theme, "New Trends in Social Sciences and Intelligence Management," focuses on innovative approaches and emerging paradigms shaping these dynamic disciplines. As our world becomes increasingly interconnected and complex, the intersection of social sciences and intelligence management has become more critical than ever. SSIM 2024 will offer a multidisciplinary platform for attendees to share research findings, exchange ideas, and collaborate on cutting-edge solutions to address contemporary societal challenges. Participants will engage in various sessions, including keynote speeches by distinguished experts and poster presentations by insightful researchers. Topics of interest will cover a wide range of areas, such as the impact of artificial intelligence and big data on social sciences, the role of social science research in policy-making, and innovative strategies in intelligence management for enhancing organizational performance.

第四屆社會科學與智能管理國際研討會(SSIM 2024)將於 2024 年 12 月 20 日至 22 日在台灣台中市朝陽科技大學舉行。本次研討會的主軸訂為「**New Trends in Social Sciences and Intelligence Management**」，係以社會科學為經線，智能管理為緯線，為改變中的社會科學擘劃飛行航線，開啟社會科學與科技管理議題的探索與對話。研討會將邀請相關領域之重要專家學者、與研究人員參與，對於提昇研究能量具有重要意義。歡迎社會科學與科技管理議題的研究生、學者及專家踴躍投稿參加。本研討會接受的論文，經審核後將在 *Engineering Proceedings* (ISSN: 2673-4591; indexed by Scopus, Q3) 發表，優秀的論文將推薦轉投至合適的 10 種不同 SCI、SSCI 及 Scopus 期刊審查後發表。

All accepted full paper will be sent to [Engineering Proceedings](#) (ISSN: 2673-4591; indexed by Scopus, Ranking: Q3) for reviewed and published. To maintain a high quality of conference proceedings, the English of full papers should be good enough. We will request authors to send the full papers for English editing if the papers do not pass the review process by the Program Committees.

Excellent papers selected from SSIM 2024 will be recommended to be published on suitable 10 different SSCI, SCI, ESCI and Scopus journals after an additional review process and need extra publication charge:

1. [Sustainability](#) (SCI and SSCI; JCR: Q2; ISSN: 2071-1050; IF: 3.3)
